EXPERIENCE

FULL STACK SOFTWARE ENGINEER

Nairobi

S-Ential Technologies

February 2021 – Present

- Led end-to-end development processes, from conceptualization to deployment, utilizing a robust tech stack (Ruby, JavaScript, HTML, CSS, MySQL, Git and AWS) to create robust and scalable solutions.

- Directed SaaS product initiatives for Small and Medium Enterprises (SMEs), overseeing ideation, business strategy, and successful execution throughout the product life cycle.
- Demonstrated dedication to understanding and addressing customer needs, incorporating valuable feedback, and ensuring a consistently positive user experience.

FULLSTACK ENGINEER / SYSTEMS ADMINISTRATOR

Nairobi

Novel Paints Limited

February 2019 – November 2020

- Streamlined system deployment on AWS EC2 servers, automated subsequent deployments, and implemented code versioning with GitHub.
- Led the development of the organization's web apps and created a custom Ubuntu router to handle DNS, DHCP, and Firewall requirements.
- Optimized AWS costs by 50% through the implementation of automated system shutdown during idle time, while also developing APIs and sub-systems for improved business processes.

DATA ANALYST

Nairobi

IPSOS Limited

April 2017 – April 2018

- Streamlined data coding procedures, improving accuracy and efficiency for computer entry, and contributed to the design of effective survey instruments.
- Implemented a rigorous screening process for qualified study participants, proactively managed recruitment and scheduling, and demonstrated leadership in supervising survey interviewers.
- Conducted comprehensive statistical analyses, optimized extensive databases, and effectively presented research findings through clear and visually appealing reports to diverse groups.

IT HELP DESK

Nairobi

National Cereals & Produce Board

January 2017 – March 2018

- Maintained and administered computer hardware, systems software, applications software and configurations.
- Provided timely and effective IT support to end-users, troubleshooting hardware and software issues to ensure minimal downtime and optimal system performance.
- Collaborated with cross-functional teams to implement system upgrades and improvements, contributing to enhanced overall IT infrastructure efficiency.

EDUCATION

Kenyatta University 2017

Bachelor Of Information Technology

St. Lawrence Schools & Colleges 2013
